

Announcing the Addition of the Sika Line of Residential and Commercial Glazing Products!

WITH ALL OF THE PRODUCTS WE PROVIDE, IT ONLY MAKES SENSE TO INCLUDE THE LEADING BRAND NAME IN GLAZING SEALANTS -- SIKA

For over 25 years, the Sika brand of products has been held in the highest regard by the professional glazier. And now, all of those same, well known, polyurethane products are available in a new and unique package exclusive to the glass industry.

In addition, Sika compliments their line of polyurethane sealants with a complete line of silicone products produced at their own manufacturing facilities right here in the United States.
